The "Pension Plans Only" filer status is for certain pension plans that only have withholding when someone makes a withdrawal from the plan. In a plan with only a few participants this may occur only on a very limited basis. If you qualify as a "Pension Plans Only" filer, but do not indicate such on this form, you will be expected to file a return each month, even if no tax is due.

The "Household Employer" filer status is for employers of household service employees that elect to file and pay the Virginia income tax withheld from their employees' salaries on an annual basis at the same time they submit the employees' Forms W-2 for the year. The employment must consist exclusively of domestic service in the private home of the employer. Visit the Department's website at [www.tax.virginia.gov](http://www.tax.virginia.gov) to obtain forms.

## SECTION V - RETAIL SALES AND USE TAX

---

This area is used to register for Sales and Use Taxes. A separate section needs to be completed for each location. If your business has multiple locations, Page 4 of Form R-1 may be copied and used for the additional locations.

The filing frequency for sales and use tax is monthly, unless you are otherwise notified. The filing frequency is determined by the Department and revised annually.

When you register to collect **Retail Sales and Use Tax**, you will receive a **Certificate of Registration** from Virginia Tax, which must be displayed prominently at your registered location.

**In-state dealers:** Generally individuals and businesses with sales at one or more physical locations in Virginia (like an office, warehouse, fulfillment center, or similar place of business) must register to collect sales tax as an in-state dealer.

**Out-of-state dealers:** Generally individuals and businesses located outside of Virginia, but with sufficient physical or economic presence to establish nexus in Virginia, must register to collect sales tax as an out-of-state dealer. Starting July 1, 2019, this includes remote sellers or online retailers that make more than \$100,000 in annual Virginia gross sales or 200 or more transactions to Virginia customers. Learn more about economic nexus requirements for remote sellers at [www.tax.virginia.gov](http://www.tax.virginia.gov).

### Marketplace Facilitators and Other Websites

If all of your sales in Virginia are conducted through a marketplace facilitator's platform, you are considered a "marketplace seller" and do not need to register to collect Virginia sales tax. Your marketplace facilitator is responsible for the tax on sales through the marketplace.

If your annual direct sales to Virginia customers (sales that aren't made through a marketplace facilitator) total more than \$100,000 or 200 or more total transactions, you need to register to collect Virginia sales tax. You will have to begin filing Virginia sales tax returns for your direct sales only.

Any business that has 2 or more business locations within the same locality may elect to file a single combined return to report and remit sales and use tax for all locations within that locality. However, this election does not eliminate the requirement that a certificate of registration be obtained for each business location.
- b. Check this box if you want to file a consolidated return for all business locations. Any business that has 5 or more business locations in 2 or more localities may request permission to file a consolidated return to report and remit sales and use tax for all locations.

The election to file a consolidated return does not eliminate the requirement that a certificate of registration be obtained for each business location.
