# What's New

## Virginia's Conformity with the Internal Revenue Code

Effective for taxable years beginning January 1, 2023, Virginia will conform to the Internal Revenue Code (IRC) on a rolling basis, including any federal extenders, subject to certain exceptions. This allows Virginia to conform to federal tax changes to the IRC as soon as they are enacted by Congress. This also allows Virginia to conform to the Inflation Reduction Act and the Consolidated Appropriations Act of 2023.

Conformity refers to how closely Virginia follows definitions and other provisions of the federal tax code, including the definition of income. The 2023 General Assembly passed legislation that conforms Virginia's tax law to the federal tax code on a rolling basis, with certain exceptions. The legislation also sets guidelines for future federal law changes and their impact on Virginia returns.

Virginia will continue to deconform from the following: bonus depreciation allowed for certain assets under federal law; the five-year carryback of certain federal net operating loss (NOL) deductions generated in the 2008 or 2009 taxable years; the federal income treatment of applicable high yield discount obligations; and the federal income tax treatment of cancellation of debt income realized in connection with certain business debts.

In addition, Virginia will continue to deconform from the following temporary changes made by the Coronavirus Aid, Relief, and Economic Security ("CARES") Act: suspension of certain NOL limitations for Taxable Years 2018, 2019, and 2020 and increasing the business interest limitation for Taxable Year 2019 and 2020. See Tax Bulletin 21-4 for more information.

At the time these instructions were published, the only required conformity adjustments were those mentioned above. However, if legislation is enacted that results in changes to the IRC for the 2023 taxable year, taxpayers may need to make adjustments to their Virginia returns that are not described in these instructions. Information about any such adjustments will be posted at [www.tax.virginia.gov](http://www.tax.virginia.gov).

## Changes to Certain Itemized Deductions

Individuals will continue to reference the instructions for Federal Schedule A (Form 1040) when itemizing deductions, but with certain exceptions.

For taxable years beginning on or after January 1, 2019, Virginia deconforms from the suspension of the overall limitation on itemized deductions, commonly known as the Pease limitation. For Taxable Year 2023, Virginia will deconform from the increase in the medical expense deduction. See Virginia Schedule A and the Schedule A Instructions for more information.

## Increase in Standard Deduction

New legislation enacted during the 2022 General Assembly session increased the standard deduction for Taxable Year 2023 from \$4,500 to \$8,000 for single filers and from \$9,000 to \$16,000 for married filers filing jointly. Under this Act, the increase in the standard deduction is scheduled to sunset after Taxable Year 2025 and revert to the standard deduction amounts that applied prior to Taxable Year 2019: \$3,000 for single filers and \$6,000 for married couples filing jointly.

## Elective Pass-Through Entity Tax

Legislation enacted during the 2023 General Assembly, applicable for Taxable Years 2021-2025, expanded PTE eligibility by removing the requirement that a PTE must be 100% owned by natural persons or persons eligible to be shareholders of an S corporation.

An "eligible owner" is a direct owner of a pass-through entity who is a natural person subject to individual income tax or an estate or trust subject to fiduciary income tax. The elective PTE tax only applies to the pro rata or distributive share of income, gain, loss, or deduction attributable to eligible owners.

## New Firearm Safety Device Tax Credit

New legislation enacted in the 2023 General Assembly establishes a nonrefundable individual income tax credit of up to \$300 for the cost incurred in the purchase of one or more firearm safety devices in an eligible transaction. The credit may be taken for taxable years beginning January 1, 2023, but before January 1, 2028. See the Schedule CR Instructions for more details on claiming this credit.

## Changes to Virginia National Guard Income Subtraction

Effective for taxable years beginning on and after January 1, 2023, individuals receiving wages or salaries for active or inactive service in the Virginia National Guard, ranking O6 and below, are entitled to a subtraction not to exceed income for 39 calendar days of service or \$5,500, whichever is less. For more details, see "Subtractions From Income" in these instructions.

## Changes to Food Crop Donation Tax Credit

Effective for taxable years beginning on and after January 1, 2023, several changes have been made to the Food Crop Donation Tax Credit. The sunset date of the credit has been extended to taxable years beginning before January 1, 2028. In addition, the amount of the tax credit has increased from 30% to 50% of the fair market value of qualifying donations, and the maximum annual amount of tax credits that a taxpayer can earn has increased from \$5,000 to \$10,000.

## What's New (continued)

The credit has been expanded to include donations of “wholesome food,” defined as food that meets all quality standards imposed by federal, state, and local laws or regulations, including food that may not be readily marketable due to appearance, age, freshness, grade, surplus, or other condition.

The credit has been renamed “Food Donation Tax Credit,” as it can now be claimed on the basis of donations of wholesome foods in addition to donations of food crops grown in the Commonwealth. See Forms FCD-1, FCD-2, and their instructions for more information.

### **Changes to Green Job Creation Tax Credit**

For taxable years beginning on and after January 1, 2023, the definition of “green job” has been expanded to add methane extracted in Planning District 2 to the list of renewable, alternative energy sources eligible for the newly renamed Green and Alternative Energy Job Creation Tax Credit. The credit was previously named “Green Job Creation Tax Credit.” See Form GJC for additional information.

### **Changes to the Land Preservation Tax Credit**

For taxable years beginning on and after January 1, 2023, the amount of the Land Preservation Tax Credit that may be claimed by each taxpayer, including amounts carried over from prior taxable years, cannot exceed \$50,000. For taxable years beginning before January 1, 2023, the credit was limited to \$20,000 per taxpayer per year. See Form LPC-1 Instructions for details.

Effective July 1, 2023, the deadline for filing a complete application for the Land Preservation Tax Credit for conveyances made on or after January 1, 2017 has been extended. The deadline is extended for any number of days exceeding 90 during which the application is being reviewed for verification of conservation value by the Department of Conservation and Recreation, provided that the application is otherwise complete at the time of the original filing deadline.

### **Changes to the Livable Home Tax Credit**

For fiscal years beginning on and after July 1, 2023, the aggregate cap of the Livable Home Tax Credit has increased from \$1 million to \$2 million. The Department of Housing and Community Development (DHCD) will equally split the total amount of credits available between (i) the purchase or construction of new residences and (ii) the retrofitting or renovation of existing residences or residential structures or units. As a result, the amount of credits available for each category has increased from \$500,000 to \$1 million per fiscal year.

For taxable years beginning on and after January 1, 2023, the allowable tax credit amount each taxpayer may claim has increased to (i) \$6,500 for the purchase of each new residence or the construction of each new residential structure or unit or (ii) 50% of the total amount expended, but not to exceed \$6,500, for the retrofitting or renovation of each existing residence or residential structure or unit. See Schedule CR Instructions for more information.

## Reminders

**Extension for Filing Income Tax Returns:** All taxpayers are granted an automatic 6-month extension of time to file their income tax returns. No application for extension is required; however, any tentative tax due must be paid with an extension voucher, Form 760IP, by the original due date for filing the return.

You can file and pay your tentative tax online using the Department's eForms or Individual Online Services. Payments are made electronically and you may schedule payments to be made on a future date.

**Electronic Filing Requirements for Certain Taxpayers:** Individuals are required to file and remit payment using an electronic medium if (i) any installment payment of estimated tax exceeds or can reasonably be expected to exceed \$1,500, (ii) any payment made with regard to a return or extension of time to file exceeds \$1,500, or (iii) the taxpayer's estimated total tax liability exceeds \$6,000. If any of the thresholds above apply to you, all future individual income tax payments must be made electronically. This includes all payments for estimated taxes, extensions of time to file, and any other amounts due when a return is filed.

**Consumer's Use Tax:** If you purchased merchandise by Internet, telephone, or mail, or you purchased any merchandise outside Virginia and paid no sales tax you may be required to pay Consumer's Use Tax. Report the applicable tax on Form 760PY, Line 33.

**Litter Tax:** Every manufacturer, wholesaler, distributor or retailer of the following products is subject to the Litter Tax.

- Food for Human or Pet Consumption
- Groceries
- Cigarettes and Tobacco
- Soft Drinks and Carbonated Waters
- Distilled Spirits, Wine, Beer and Other Malt Beverages
- Newspaper or Magazines
- Paper Products and Household Paper
- Glass and Metal Containers
- Plastic or Fiber Containers made of Synthetic Material
- Cleaning Agents and Toiletries
- Nondrug Drugstore Sundries
- Motor Vehicle Parts

Businesses become subject to the tax on the first January 1 they are in business. The Litter Tax return, Form 200, and payment of the tax are due on May 1 of each year, for the preceding calendar year.

File and pay your Litter Tax Return online using the Department's eForms. Complete the online version of the Litter Tax Return as you would if you were completing a paper form. Payments are made electronically and you may schedule payments to be made on a future date.

If you are unable to file and pay electronically you may request a waiver. You can obtain the waiver request form at [www.tax.virginia.gov](http://www.tax.virginia.gov) or by calling **804.367.8037**.

**Civil and Criminal Penalties:** The civil penalty for filing a false or fraudulent return or for failing or refusing to file any return with intent to evade the tax, is an additional penalty of 100% of the correct tax.

Any individual who willfully fails or refuses to file a return, at the time or times required by law, shall be guilty of a Class 1 misdemeanor. In addition, an individual who makes any false statements on a return, with intent to defraud the Commonwealth, shall be guilty of a Class 6 felony.

**Debt Collection:** Before issuing any refunds, Virginia law requires the Department to check for any outstanding debt with agencies of the Commonwealth of Virginia, Virginia local governments and the Virginia court system. If any such debt is found, regardless of the type of tax return filed, all or part of your refund may be withheld to help satisfy the debt and the processing of your return will be delayed.

In addition, the Department is authorized to submit eligible state income and business tax debts to the U.S. Department of Treasury Offset Program (TOP). Once a debt is submitted, the U.S. Department of Treasury will withhold or reduce your eligible federal tax refund or federal vendor payment by the amount of your debt. The Internal Revenue Code authorizes this process, known as "offset."

Offset of federal refunds is only one source of funds that the Department of Taxation may use to satisfy an outstanding tax bill. Your state income tax refund and payments from other state agencies may be withheld to satisfy an outstanding tax bill as well.

Because of timing differences in obtaining funds from various sources, it is possible for us to receive funds from more than one source to satisfy the same debt. If this happens, the overpaid amount will be released upon receipt of the funds. You do not need to contact the Department to request your refund.

**Direct Deposit:** Due to electronic banking rules, the Department will not allow direct deposits to or through foreign financial institutions. Attempting to use direct deposit to transfer funds electronically to a financial institution outside the territorial jurisdiction of the United States will significantly delay your refund. Visit [www.tax.virginia.gov](http://www.tax.virginia.gov) for details.

**Tax-Related Identity Theft:** Tax-related identity theft occurs when someone uses your Social Security Number to file a tax return claiming a fraudulent refund. Often, an identity thief will use your Social Security Number to file a return early in the year. You may not be aware that you are a victim until you file your return and learn one already has been filed. We apply stringent scrutiny to all tax returns in an attempt to detect fraudulent tax refunds. If you receive a letter from us asking for additional information to verify that you are the actual taxpayer filing a return, please respond immediately. ## Estimated Income Tax Filing

---

If you did not have enough income tax withheld, you may need to pay estimated income tax. Generally, you are required to make payments of estimated income tax if your estimated Virginia tax liability exceeds your Virginia withholding and other tax credits by more than \$150.

**To make estimated tax payments online, visit [www.tax.virginia.gov](http://www.tax.virginia.gov) or file Form 760ES.**

If you owe a large amount of tax, you may need to increase the amount of tax withheld or make estimated tax payments during the year.

**You may be penalized if you underpaid your estimated tax or did not have enough tax withheld.**

## Amended Return Filing

---

### When to File

Individuals are required to report to the Department federal adjustments and pay any additional amounts due within one year after the final determination date of such adjustments ("the one-year requirement"). For the purposes of the one-year requirement, the "final determination date" is defined as one of the following:

- If the federal adjustment is the result of an audit or other action by the IRS, the final determination date is defined as the first day on which no federal adjustments arising from that audit or other action remain to be finally determined. For agreements required to be signed by the IRS and the taxpayer, the final determination date is defined as the date on which the last party signed the agreement.
- If the federal adjustment is the result of an audit or other action by the IRS, and the taxpayer filed as a member of a Virginia combined or consolidated return, the final determination date is defined as the first day on which no related federal adjustments arising from that audit remain to be finally determined for the entire group.
- If the federal adjustment results from filing an amended federal return, a federal refund claim, or an administrative adjustment request or if it is a federal adjustment reported

on an amended federal return or other similar report, the final determination date is defined as the day on which the amended return, refund claim, administrative adjustment request, or other similar report was filed.

If you are an owner of a partnership and receive Form 502FED-1, Virginia Partnership-Level Federal Adjustments Report, from the partnership and need to file an amended Virginia return in order to report the distributive share of the partnership-level adjustment, you must enclose a copy of Form 502FED-1 with the amended return.

Any taxpayer filing an amended federal return must also file an amended state return and must pay any additional tax and interest due, if applicable.

More information about the processes and deadlines by which taxpayers are required to report information and pay any associated taxes is available at [www.tax.virginia.gov](http://www.tax.virginia.gov).

If you file an amended return with any other state that results in a change that would affect your Virginia income tax, you must file an amended Virginia tax return within 1 year.

If the change reduces the tax, the Department by law may issue a refund only if the amended return is filed within:

- 3 years from the due date of the original return, including valid filing extensions;
- 1 year from the final determination of the amended federal return or federal change, whichever is later, provided that the allowable refund is not more than the decrease in Virginia tax attributable to the federal change or correction;
- 1 year from the final determination of the amended return of any other state or change or correction in the income tax of the taxpayer for any other state, provided that the refund does not exceed the amount of the decrease in Virginia tax attributable to such change or correction;
- 2 years from the filing of an amended Virginia return resulting in the payment of additional tax, provided that the current amended return raises issues relating solely to the prior amended return and that the refund does not exceed the amount of the tax payment made as a result of the prior amended return; or
- 2 years from the payment of an assessment, provided the amended return raises issues relating only to the prior assessment and the refund does not exceed the amount of tax paid on the prior assessment.

### Form 760PY

To amend Form 760PY, complete a new Form 760PY (for the taxable year you are amending) using the corrected figures, as if it were the original return. Mark the amended box in the Check Applicable Boxes section of the return. Be sure to select one of the provided reason codes to explain why you are submitting an amended return. Do not make any adjustments to the amended return to show that you received a refund or paid a balance due as a result of the original return.

Use the worksheet for amended returns below to determine if you are due a refund or if any additional tax due should be paid with your amended return.

## Worksheet for Amended Returns

2. Add Line 1 above and Line 26 from the amended Form 760PY and enter the total here .....2 \_\_\_\_\_
3. Overpayment, if any, as shown on original return or as previously adjusted .....3 \_\_\_\_\_
4. Subtract Line 3 from Line 2 .....4 \_\_\_\_\_

6. Refund. If Line 18 on amended Form 760PY is less than Line 4 above, subtract Line 18 on amended Form 760PY from Line 4 above. This is the Tax You Overpaid .....6 \_\_\_\_\_

### Additional Required Enclosures

If you filed an amended federal return, enclose a copy of your federal Form 1040X or other claim form and supporting material with your amended Virginia return to substantiate the amendment. If amending your Virginia return for other reasons, enclose a statement explaining why you are amending your return. Show any computations necessary to verify the adjustments you are making. Submit your check or money order with your return if you owe a balance due. Also, include additional Forms W-2, 1099 or VK-1 with your return if claiming more income tax withheld than what was claimed on your original return.

### Federal Adjustments

If your federal income tax return was adjusted by the IRS during the taxable year and the adjustment was not reported to the Department, an amended Virginia return must be filed with a copy of the federal adjustments within 1 year after the final determination of such federal change, correction or renegotiation. See "When to File" earlier in this section for additional information.

### Net Operating Losses

Although there is no express statutory provision for a separate Virginia net operating loss available for carryback or carryover, the amount of federal net operating loss is the starting point in computing the amount of deduction to be allowed on the Virginia return. Check the amended return box located on the front of Form 760PY, indicating that this is an amended return and enter the reason code to indicate the return is the result of a net operating loss (NOL) carryback. Codes are provided in the Filing Information section on Page 11. **Be sure to enclose a complete copy of your**

## federal amended return and the Virginia Modification Worksheet, if applicable.

General instructions for computing the NOL can be obtained from the Virginia Administrative Code (Title 23, Taxation) website at [law.lis.virginia.gov](http://law.lis.virginia.gov). Select the link for Virginia Administrative Code and find Title 23 Taxation. Select Agency 10, Department of Taxation and Chapter 110 Individual Income Tax. General instructions are provided in 23VAC10-110-80 and 23VAC10-110-81.

## Deceased Taxpayers

---

**Surviving Spouse filing Joint Return:** As the surviving spouse, you are considered the primary taxpayer. To complete your return:

- List your name, Social Security Number and Date of Birth first on the return.
- Include your spouse's name, Social Security Number and date of birth in the fields labeled for spouse.
- Check the "Deceased" box for your spouse.
- Any refund issued will be made payable to the surviving spouse. The refund may be direct deposited.
- No additional documentation is required.

**Single Filers:** If you are the court-appointed or certified Personal Representative (also referred to as Executor or Administrator) of the decedent's estate, include a copy of the court certificate showing your appointment with the return.

- Any refund issued will be made payable to the estate of the decedent.
- The refund will be issued as a check. The check may be cashed or deposited with the endorsement of the court-appointed Personal Representative.

**Joint Filers, both Taxpayers Deceased:** Follow the instructions for Single Filers.

**Important:** If a refund is due, the refund will be issued in the name of the surviving spouse or the estate of the decedent(s) unless a properly completed copy of federal Form 1310 is provided. When filing electronically, the Form 1310 must be included with the federal filing.

---

## Record Keeping

---

Keep your tax records for at least 3 years from the due date of the return or the date the return was filed, whichever is later. If the IRS requires you to keep your federal records for a longer period of time, keep your state records for the same period of time.

---

## Filing Requirements

---

### Filing Threshold

Filing requirements are based on your residency status and the amount of your income. Dependents and students are subject to the same filing requirements as anyone else.

- Residents of Virginia with income at or above the minimum filing threshold must file.
- Nonresidents of Virginia with income at or above the filing threshold must file if any of their income is from Virginia sources.

For information on Virginia residency requirements, please read the next section, "Residency Status."

If your Virginia Adjusted Gross Income (VAGI) is at or above the threshold amount shown in the following table, you are required to file. VAGI is the Adjusted Gross Income on your federal return plus any Virginia additions, minus any Virginia subtractions. Information on Virginia additions and subtractions is included in the instructions, later in this booklet.

For a part-year resident, if your income is only from wages, salaries and interest from a savings or checking account, your VAGI is usually the same as the Adjusted Gross Income shown on your federal return less the wages, salaries and interest earned while a nonresident of Virginia. Once you have computed your VAGI, check the chart below to see if you need to file a Virginia income tax return.

**You do not have to file if you are:**

**Single** and your VAGI is less than ..... **\$11,950**

**Married filing with your spouse**  
on the same return and your  
combined VAGI is less than ..... **\$23,900**

**Married filing separately** (on separate  
forms) and your VAGI is less than..... **\$11,950**

**If you are not required to file, but you had Virginia income tax withheld or made estimated payments, you are entitled to a refund of the amount withheld or paid. You must file a return to get a refund.**

We periodically review and update the Department's records to make sure that we have correct return information. Sometimes, we have to contact taxpayers to confirm that they did not need to file for a given year. As a result, even if you do not need to file a return, you may receive an inquiry at a later date to verify your VAGI.

---

## Residency Status

---

### Residents

**Every Virginia resident whose Virginia Adjusted Gross Income is at or above the minimum filing threshold must file.** Any "federal area" such as a military or naval reservation, federal agency or federal administration that is inside the geographical boundaries of Virginia is considered a location in Virginia and nonactive duty residents of those areas are subject to Virginia income tax just like residents of any other location in the state.

You may be required to file as a resident in two states if you are an actual resident of one state and a domiciliary resident of another state (see definitions below). If you are in this situation, you may be able to take a credit on the return filed in the state of your legal domicile. Refer to the instructions for the Schedule OSC later in this booklet for more information on the credit for tax paid to another state.

### Domiciliary Residents

Anyone who maintains a legal domicile (residence) in Virginia, whether living in or out of Virginia, is a domiciliary resident. This includes members of the U.S. armed forces who have Virginia as their home of record. Domiciliary residents have their permanent place of residence in Virginia. Any person who has not abandoned their legal domicile in Virginia and established

legal domicile in another state remains a domiciliary resident of Virginia, even if residing in another jurisdiction for a number of years. In determining domicile, the Department considers many factors. Some of the more common indicators of domicile are: voter registration; motor vehicle and personal property registration; business pursuits; expressed intent; conduct; leaseholds and situs of real property owned.

### Actual Residents

Anyone, other than a member of the U.S. armed forces or the U.S. Congress, who maintains a place of abode (i.e., home) in Virginia for a total of more than 183 days of the taxable year while having legal domicile (residence) in another state or country is an actual resident of Virginia. This category often includes students who are domiciliary residents of another state while attending college in Virginia or the spouses\* and dependents of members of the U.S. armed forces stationed in Virginia. Although this residency classification does not apply to members of the U.S. Congress, it does apply to members of their families and staffs.

\*The spouse of a military servicemember may be exempt from Virginia individual income tax on income from services performed in Virginia if (i) the servicemember is present in Virginia in compliance with military orders; (ii) the spouse is in Virginia solely to be with the servicemember; and (iii) the spouse elects to use the same residence for state tax purposes as that of the servicemember. For more information, see Tax Bulletin 10-1 and Tax Bulletin 19-2, available at [www.tax.virginia.gov](http://www.tax.virginia.gov).

### Part-Year Residents

You may be a part-year resident if your residency in Virginia began or ended during the taxable year. Residents who move into or out of Virginia during the taxable year and do not fall into either category below are generally considered full-year residents.

- Virginia residents who move out of Virginia during the taxable year *and* become domiciliary residents of another state are part-year residents, provided they do not move back to Virginia for at least 6 months.
- Those who move into Virginia during the taxable year and become either domiciliary or actual residents of Virginia are also considered part-year residents.

The distinction between full-year and part-year residents is important in deciding which form to file and what income is taxable in Virginia. To compute VAGI and determine if VAGI meets the minimum filing threshold, part-year residents who file Form 760PY are allowed a subtraction from federal adjusted gross income equal to the amount of income attributable to residence outside Virginia.

**If you are a part-year resident and do not file the correct form, you will not compute the correct amount of tax. See "Which Form To File" below.**

### Nonresidents

**Nonresidents of Virginia with Virginia Adjusted Gross Income at or above the filing threshold must file if any of their income is from Virginia sources.** Income from Virginia sources is income received from labor performed, business done, or property located in Virginia, including gains from sales, exchanges or other dispositions of real estate and intangible personal property having a situs in Virginia. Virginia

source income includes income passed through from a partnership, S corporation or limited liability company that does business in Virginia. It also includes business income and proceeds from real estate transactions passed through by a Virginia trust. It generally does not include personal savings account interest or dividends from an individual's stock market investments.

Those who maintain legal domicile in another state and live in Virginia less than 183 days of the taxable year (or do not live in Virginia at all) are nonresidents. Also, members of the U.S. armed forces who have another state as their home of record (legal domicile) are generally classified as nonresidents of Virginia, even though they may be stationed in Virginia for years.

### Exceptions for Certain Nonresidents

If you are a nonresident of Virginia who commutes daily to work in Virginia from **Kentucky** or the **District of Columbia**, you do not have to file if:

- You have no actual place of abode in Virginia at any time during the year;
- Salaries and wages are your only Virginia source income; and
- Your salaries and wages are subject to income taxation by Kentucky or the District of Columbia.

If you are a nonresident of Virginia who is a resident of **Maryland, Pennsylvania or West Virginia** and you earn salaries and wages in Virginia, you are exempt from filing a Virginia income tax return and paying Virginia income tax if:

- Your only income from sources in Virginia is from salaries and wages; and
- Your salaries and wages are subject to income taxation by Maryland, Pennsylvania or West Virginia.

If you are a domiciliary resident of **Kentucky, Maryland, Pennsylvania, West Virginia or the District of Columbia** and have income from Virginia sources other than wages and salaries, (such as business income or gain from the sale of a residence), you must file a Virginia Nonresident Individual Income Tax Return, Form 763, and pay tax on income not specifically exempted above.

**Spouses of Military Personnel:** For Taxable Year 2018 and after, the Servicemember Civil Relief Act (SCRA), as amended by Veterans Benefits and Transition Act, provides that the spouse of a servicemember may elect to use the same residence for state tax purposes as that of the servicemember. Under the SCRA, an electing spouse of a military servicemember may be exempt from Virginia income tax on wages if the servicemember is present in Virginia in compliance with military orders. More information is available in Tax Bulletin 19-2 available at [www.tax.virginia.gov](http://www.tax.virginia.gov).

**Tax Withheld in Error by Employer:** If Virginia tax was withheld from your income in error, you should file Form 763-S to obtain a refund.

If you meet any of the exceptions above and had Virginia withholding, you may need to file Form 763S, Virginia Special Nonresident Claim For Individual Income Tax Withheld to claim your refund.

## Which Form To File

---

### Residents File Form 760

File Form 760 if you are a part-year resident and all of your income came from Virginia sources or was received while you were a Virginia resident. This will allow you to claim the full exemption and standard or itemized deduction instead of computing partial amounts as required for part-year residents filing Form 760PY.

### Part-Year Residents File Form 760PY

As a general rule, part-year residents file Form 760PY. If 1 spouse is a full-year resident and the other is a part-year resident, the couple may file together on Form 760PY. The part-year resident spouse will compute a prorated exemption amount. The full-year resident spouse will claim the full exemption amount.

Note: If you are a part-year resident who received Virginia source income, as well as other income, during the portion of the year you lived in another state, you need to file 2 Virginia returns for the taxable year. File Form 760PY to report the income attributable to your period of Virginia residency. File Form 763, the nonresident return, to report the Virginia source income received as a nonresident.

### Nonresidents File Form 763

Generally, nonresidents with income from Virginia sources must file a Virginia return if their income is at or above the filing threshold. Nonresidents who earn salaries and wages in Virginia and pay tax on those salaries and wages to the District of Columbia, Kentucky, Maryland, Pennsylvania or West Virginia are not required to file if they meet the criteria described in the previous section under "Exceptions for Certain Nonresidents." Residents of states other than those in "Exceptions for Certain Nonresidents" do not qualify for a filing exception.

Usually, when 1 spouse is a resident and the other spouse is a nonresident, each spouse whose income is at or above the filing threshold must file separately. The resident must file on Form 760. The nonresident spouse must file Form 763. There are only 3 circumstances in which such a couple can file jointly on the same return. If both spouses have income and all of the nonresident's income is Virginia source income, a joint resident return (Form 760) may be filed. If both spouses elect to determine their joint Virginia taxable income as if they were both Virginia residents, a joint resident return may be filed. Also, if the nonresident spouse has no income at all, a joint resident return may be filed.

### Members of the Armed Forces

Active duty pay for members of the armed forces is taxable only in the state of legal domicile, regardless of where stationed. You must file as a nonresident if you are in the military, domiciled in another state and have any other income that is from Virginia sources.

The spouse of a military servicemember may be exempt from Virginia individual income tax on income from services performed in Virginia if (i) the servicemember is present in Virginia in compliance with military orders; (ii) the spouse is in Virginia solely to be with the servicemember; and (iii)

the spouse elects to use the same residence for state tax purposes as that of the servicemember. See Tax Bulletins 09-10 and Tax Bulletin 10-1, available at [www.tax.virginia.gov](http://www.tax.virginia.gov). Use Form 763 if you are in the military, domiciled in another state and have any other income that is from Virginia sources. Examples follow.

If a married couple lives in Virginia for the entire year, but is domiciled in Alabama, and has nonmilitary income from Virginia sources that is attributable to both spouses, the spouse on active duty must file Form 763, using Filing Status 4. Generally, the state of domicile will allow credit for tax paid to Virginia on the earned income that is taxed in both states.

If the military member separates from the military during the year and becomes a Virginia resident, Form 760PY should be filed to pay tax on income attributable to the period of Virginia residency.

If the nonmilitary spouse's domicile changed to Virginia during the year, Form 760PY must be filed, using Filing Status 3, to pay tax on income earned after becoming a Virginia resident.

## When To File

---

If your taxable year is January 1, 2023 - December 31, 2023, your individual income tax return must be postmarked no later than **May 1, 2024**, to avoid late filing penalties and interest.

When filing by mail, the envelope must be postmarked by the due date. Put the correct postage on your envelope. If your return is sent back to you because of insufficient postage, you are liable for the penalties and interest if the postmark on the remailed return is after the due date. Tax returns or payments of taxes remitted by a commercial delivery service will be considered timely filed if received in an envelope or sealed container bearing a confirmation of shipment on or before midnight of the day the return or payment is due.

If the due date falls on a Saturday, Sunday or legal holiday, you may file your return on the next day that is not a Saturday, Sunday or legal holiday.

### Fiscal Year Filers

If your taxable year is not January 1 through December 31, your return must be postmarked by the 15th day of the 4th month following the close of your fiscal year.

When filing by paper, you should write "FISCAL YEAR FILER" across the top of page 1 of Form 760PY and enclose a statement indicating the beginning and ending months of your 12-month fiscal year. If you file after the due date or do not pay the full amount due by the due date, you may have to pay penalties and interest.

### Overseas Rule

If you are living or traveling outside the United States or Puerto Rico (including persons in the military or naval service on duty outside the United States and Puerto Rico), you must file your return by **July 1, 2024**. Be sure to check the appropriate box to the left of the name and address section.

**Members of the Military:** Members of the armed forces serving in a combat zone receive either the same individual income tax filing and payment extensions as those granted to them by the IRS, plus an additional 15 days, or a 1-year extension, whichever date is later. All extensions also apply to spouses of military personnel. Service families may wish, however, to file their individual income tax returns before the extended deadlines to receive refunds. Servicemembers claiming this extension should write "Combat Zone" across the top of their tax returns and on the envelopes used to mail their returns. Such combat zone personnel should similarly write "Combat Zone" across the top of their correspondence, and on the envelope used to mail the correspondence, when responding to any notices issued by the Department regarding tax collection or examination. See Tax Bulletin 05-5, available in the Laws, Rules, and Decisions Section of the website at [www.tax.virginia.gov](http://www.tax.virginia.gov).

In addition, every member of the armed services deployed outside of the United States is allowed an extension of their due date. The extension will expire 90 days following the completion of deployment. Servicemembers who claim this extension should write "Overseas Noncombat" on the top of their tax returns.

## Extension Requests

Virginia law provides an automatic 6-month filing extension for income tax returns. No application for extension is required. The extension is for filing the return, not for payment of the tax; therefore, you must pay at least 90% of your tax by the due date, May 1 for calendar year filers. To make a payment of tentative tax, use Form 760IP.

If you file your return within 6 months after the due date but do not meet the 90% payment requirement, an extension penalty of 2% per month will apply to the balance of tax due with your return from the due date through the date your return is filed, to a maximum of 12% of the tax due. Interest will also accrue on any balance of tax due with a return filed within the extension period, regardless of whether the 90% payment requirement is met.

If you file your return within 6 months after the due date but do not pay the tax due at the time of filing, the unpaid balance will be subject to a late payment penalty of 6% per month from the date of filing through the date of payment, up to a maximum of 30%. The late payment penalty will be assessed in addition to any extension penalty that may apply. The automatic extension provisions apply only to returns that are filed within 6 months from the due date. If you file your return more than 6 months after the due date, a late filing penalty of 30% will apply to the balance of tax due with your return.

**Refund Returns:** You do not need to file an extension if you cannot file by the due date and you are certain that your return will result in a refund. This is because the late filing penalty is not assessed on refund returns. To receive a refund, however, you must file within 3 years of the due date.

**Foreign Income Exclusion:** If you qualify for the federal foreign income exclusion and have requested an extension of time for filing your federal return, you may apply for an extension of time to file your state return. You will be granted an extension for 30 days after the date you expect to qualify for the exclusion. You must apply by letter on or before the 1st day of the 7th month following the close of your taxable year and enclose a copy of the approved federal extension with your return when you file.

## Where To File

You can file your return online or mail your return. Visit [www.tax.virginia.gov](http://www.tax.virginia.gov) for information about using e-File. To file by mail, use the mailing address listed beginning on Page 49 for the city or county where you live or last lived while a resident of Virginia. Returns can be filed directly with the Department.

---

## Balance Due Returns

*You can pay by credit card or online, and most taxpayers also have the option to pay by check. See the “Payment Options” section on Page 17 of these instructions for more details.* If you can pay by check and choose to do so, make your check payable to the Treasurer of the city or county in which you reside. **Make sure your Social Security Number is on your check and make a notation that it is your 2023 income tax payment.**

To pay by credit card, visit [www.tax.virginia.gov/payments](http://www.tax.virginia.gov/payments) to pay on the Internet. If you choose this option, fill in the box on Line 35 of Form 760PY, indicating this type of payment. You will be assessed a fee by the company processing the transaction.

Make an online payment from your checking or savings account for balance due returns using Web Payments at [www.tax.virginia.gov](http://www.tax.virginia.gov).

If you have already filed your return with your Local Commissioner of the Revenue and did not indicate you were paying by credit card, call your Local Commissioner of the Revenue’s office for the correct jurisdiction code prior to initiating your credit card payment. Phone numbers are listed beginning on Page 49.

---

## How To Assemble Your Return

If you completed any of the forms or schedules listed below, you must enclose copies with your Virginia return. Place these forms behind your Virginia return in the following order.

## Compute Your Lowest Tax (Tip for Married Taxpayers)

---

Since Virginia's individual income tax is imposed at graduated rates, a couple with income attributable to each spouse may find that by using Filing Status 2 (filing a joint return), their joint income is taxed at a higher rate than their separate taxable incomes would be. Filing Status 4 (married filing a combined return), is designed to adjust for this difference. When using Filing Status 4, tax is computed on each spouse's separate taxable income and then the two amounts of tax are added together to arrive at their total tax. As a general rule, when both spouses have income, Filing Status 4 will enable you to obtain the lowest combined tax provided that you assign deductions and dependents to each spouse so that the taxable income in each column on Form 760PY is as close to equal as possible.

If only one spouse has income or if one spouse's income would be reduced to zero (or less) after claiming personal exemptions and subtractions, use Filing Status 2 instead.

---

## Form 760PY Line Instructions

---

### Name

Enter your complete name (including middle initial) and mailing address in the boxes provided. If filing a joint return, Filing Status 2 or 4, enter the complete name of your spouse. If you are married filing separate returns (Filing Status 3), DO NOT enter your spouse's name in the spouse name boxes. Instead enter your spouse's name on the Filing Status 3 line below the address box.

### Deceased Taxpayers

**Surviving Spouse filing Joint Return:** As the surviving spouse, you are considered the primary taxpayer. To complete your return:

- List your name, Social Security Number and date of birth first on the return.
- Include your spouse's name, Social Security Number and date of birth in the fields labeled for spouse.
- Check the "Deceased" box in the Spouse's Last Name field
- Any refund issued will be made payable to the surviving spouse. The refund may be direct deposited.
- No additional documentation is required.

**Single Filers:** If you are the court-appointed or certified Personal Representative (also referred to as Executor or Administrator) of the decedent's estate, include a copy of the court certificate showing your appointment with the return.

- Any refund issued will be made payable to the estate of the decedent
- The check may be cashed or deposited with the endorsement of the court-appointed Personal Representative

**Joint Filers, both Taxpayers Deceased:** Follow the instructions for Single Filers.

**Important:** If a refund is due, the refund will be issued in the name of the surviving spouse or the estate of the decedent(s) unless a properly completed copy of federal Form 1310 is provided. When filing electronically, the Form 1310 must be included with the federal filing.

### Address

Enter your street address. Do not enter a P.O. Box address unless mail is not delivered to your street address.

### Social Security Number (SSN)

Be sure your Social Security Number is entered correctly. The Social Security Number entered in the "A: Your Social Security Number" box must be the number of the person whose name is shown first on the return.

**Privacy Act:** In compliance with the Privacy Act of 1974, disclosure of your Social Security Number is mandatory under *Va. Code* § 58.1-209. Your Social Security Number is used both as a means of identifying your income tax return and of verifying the identity of individuals for income tax refund purposes.

If you do not have a Virginia driver's license, but have a Virginia ID Card, enter the identification number and issue date from the ID Card. If filing a joint return, enter the information for both spouses. Providing this information is optional. It is requested for taxpayer identification purposes as part of ongoing efforts to combat identity theft and fraud.

**Facilitated Health Insurance Enrollment:** The Department of Taxation is required to include on individual income tax returns a checkoff allowing taxpayers to consent to the Department of Taxation providing certain taxpayer information to the Department of Medical Assistance Services (DMAS) and the Department of Social Services (DSS) for purposes of affirming that the individual, spouse, or any dependents meet the income eligibility requirements for medical assistance. If the individual or spouse voluntarily consents, the Department is authorized to disclose to DMAS and DSS certain dependent information and the individual’s or spouse’s:

- Name;
- Address;
- Social Security number;
- Date of birth;
- Number and type of personal exemptions;
- Tax-filing status; and
- Adjusted gross income

The Department is only authorized to disclose information to DMAS and DSS upon entering a written agreement regarding the disclosure of taxpayer information.

If you would like the Department of Taxation to disclose certain information to DMAS and DSS for the purposes above, check the box on Page 1 of Form 760PY. Also complete Schedule HCI (Healthcare Information) and enclose with your return.

## Filing Status

Enter the correct number in the box to identify your filing status. In most cases, your filing status will be the same as the one you selected on your federal return.

### Filing Status 1: Single

Use this filing status if you claimed one of the following federal filing statuses on your federal return: Single, Head of Household, or Qualifying Widow(er)/Qualifying Surviving Spouse. If you claimed the Head of Household filing status on your federal return, check the “Single” filing status box and the “Head of Household” box.

### Filing Status 2: Married, Filing Joint Return

You and your spouse may choose to file a joint return if (a) you computed your federal income tax liabilities together on a joint federal return, or (b) neither you nor your spouse was required to file a federal return. You may claim this filing status even if your spouse has no income. When filing a joint return, your spouse’s exemption is included in the “You” column. Do not claim your spouse as a dependent.

If both spouses have income, filing a combined return (Filing Status 4) may result in a lower balance due or a greater refund than a joint return (Filing Status 2).

### Filing Status 3: Married, Filing Separate Return

If you and your spouse filed separate federal returns, you can file separate state tax returns or you can choose to file a combined return (Filing Status 4). Generally, if you filed a joint federal return and only one spouse is a Virginia resident, the Virginia resident must file a separate Virginia return unless both spouses elect to determine their joint Virginia taxable income as if they were both Virginia residents. When you file separate returns in Virginia, you must report your federal adjusted gross income, exemptions and deductions on your Virginia return as if you had filed separate federal returns. Federal rules must be applied to determine the exemptions and itemized deductions allowed when filing separate returns. If one spouse claims itemized deductions, the other spouse must also claim itemized deductions.

**If the number of dependent exemptions or the amount of itemized deductions cannot be accounted for separately, they must be proportionately allocated between each spouse based on each spouse’s income (e.g., federal adjusted gross income).**

Be sure to enter your spouse’s name on the line provided in the Filing Status section and your spouse’s Social Security Number in the name and address section of the return.

### Filing Status 4: Married, Filing Separately on This Combined Return

You can use this filing status if both you and your spouse had income, regardless of whether you filed jointly or separately for federal purposes. When both spouses have income, this filing status usually enables a couple to compute a lower tax than filing a joint return (Filing Status 2). If you choose Filing Status 4, you are jointly and severally liable for the amount of tax due and any refunds will be made jointly payable.

Since Virginia’s income tax is imposed at graduated rates, a couple with income attributable to each spouse may find that

by using Filing Status 2, their joint income is taxed at a higher rate than their separate incomes would be. Filing Status 4 is designed to adjust for this difference. Filing Status 4 allows a couple to compute a combined tax by reporting income for each spouse separately and then allocating dependent exemptions and deductions as mutually agreed. Tax is computed on each spouse's separate taxable income and then the 2 amounts of tax are added together to determine their total tax.

Use Filing Status 2 instead of Filing Status 4 if only 1 spouse had income or if 1 spouse's income would be reduced to zero or less after claiming personal exemptions and subtractions.

**When using Filing Status 4, each spouse must claim their own income, personal exemptions and, if allowable, any additional exemption for age or blindness. The number of dependent exemptions may be allocated between spouses as you mutually agree. Each spouse has a separate exemption line.**

---

## Exemptions

---

Enter the number of exemptions you are allowed in the appropriate boxes. If filing a joint return (Filing Status 2), enter the number for both spouses combined in the boxes in Column A. Use the exemption information when completing Line 13.

**Dependents:** Generally, you may claim the same number of dependent exemptions allowed on your federal return. If you are using Filing Status 3 or 4, see the Filing Status instructions in the previous section for the rules on claiming dependents. You may never claim less than a whole exemption. The same dependent may not be claimed on separate returns.

**65 or Over:** To qualify for this additional personal exemption, you must have been age 65 or older on or before January 1, 2024.

**Blind:** To qualify for the additional personal exemption for the blind, you must have been considered blind for federal income tax purposes.

### How To Enter Numbers

**Use the Correct Column:** Enter numbers in Column A if you are using Filing Status 1, 2 or 3. Enter numbers in Columns A and B only if you are using Filing Status 4. When using Filing Status 4, make sure the information in Column A applies to the name and Social Security Number listed first on the return. Column B is for your spouse.

**Round to Whole Dollars:** To improve accuracy of return preparation and speed the processing of your return, all amount entries on your return must be rounded to the nearest dollar. Amounts of 1 cent to 50 cents are to be rounded down while all amounts 51 cents to 99 cents are to be rounded up.

**Negative Numbers:** Enter negative numbers (numbers less than 0) in brackets. For example, if your federal adjusted gross income was negative 12,000, enter this as [12,000].

### Date of Birth

Please be sure to provide this information. It is used to assist in the verification of taxpayer identity. If you are filing a joint return, enter your date of birth and your spouse's date of birth in the same order as your names and Social Security Numbers.

## Line 1 Adjusted Gross Income

The Virginia Schedule of Income *must* be completed before you make an entry on Line 1. Complete the Virginia Schedule of Income, Part 1, Lines 1 through 9, then enter the total amount of federal adjusted gross income on Line 1 as follows. The instructions for the Virginia Schedule of Income are on Page 18. Enclose the completed Virginia Schedule of Income with your return.

### Filing Status 1, 2 or 3

Enter the amount from Schedule of Income, Part 1, Line 7, Column A1, on Line 1, Column A.

### Filing Status 4

Enter the amount from Schedule of Income, Part 1, Line 7, Column B1, on Line 1, Column B, and enter the amount from Line 7, Column A1, on Line 1, Column A. When using Filing Status 4, the total of Column A and Column B on Line 1 *must* equal the total federal adjusted gross income on your federal return.

### Line 2 Additions

If you reported any additions on Virginia Schedule 760PY ADJ, enter the total amount from Line 3 of Schedule 760PY ADJ.

### Line 4 Qualifying Age Deduction

Enter your birth date in the boxes above Line 1 on Page 1. If filing status 2, 3 or 4 enter birth date for both you and spouse.

If filing status 4, enter **your** age deduction on Line 4a, Column A and the deduction for **spouse** on Line 4b, Column B. Otherwise, claim Your Age Deduction on Line 4a, Column A and Spouse's on Line 4b, Column A.

If claiming an Age Deduction, see the Age Deduction instructions on Page 32 and complete the Age Deduction Worksheet on Page 34 in order to calculate the Qualifying Age Deduction.

### Line 5 Social Security Act and Equivalent Tier Railroad Retirement Act Benefits

Enter Social Security and equivalent Tier 1 Railroad Retirement Act benefits reported as taxable income on your federal return and attributable to your period of residence in Virginia.

Do not include Tier 2 Railroad Retirement Benefits and Other Railroad Retirement and Railroad Unemployment Benefits. See instructions for Schedule 760PY ADJ to determine if these benefits can be included as other subtractions.

### Line 6 State Tax Refund or Overpayment Credit Reported as Income on Federal Return

Enter the amount of any state income tax refund or overpayment credit reported as income on your federal income tax return and received while a resident of Virginia (claim in the same column as the income was reported on Line 6 on the front of the Virginia return).

State, local or foreign income taxes withheld from your salary, estimated tax payments or payments made on tax for a prior year to such taxing authority may be deducted on your federal return for the year withheld or paid. The federal deduction is for the amount paid rather than the tax liability, so a refund or credit is generally treated as taxable income (a recovery of an excessive deduction) on the federal return. Since Virginia does not allow the state and local income tax deduction, a federally taxable refund or overpayment credit is to be deducted from federal adjusted gross income on the Virginia return.

**Line 7 Income Attributable to Your Period of Residence Outside Virginia**

Enter the amount from the Virginia Schedule of Income, Part 1, Line 9, Column A3, in Column A. Enter the amount from Part 1, Line 9, Column B3, in Column B.

If you claim this subtraction, you cannot claim a credit for tax paid to another state on the same income.

**Line 8 Subtractions**

If you reported any subtractions on Virginia Schedule 760PY ADJ, enter the total amount from Line 7 of Schedule 760PY ADJ.

**Line 10 Virginia Adjusted Gross Income**

Deduct Line 9 from Line 3 and enter the result.

If the amount on Line 10 is less than the amount shown below for your filing status, your Virginia income tax is \$0.00 and you are entitled to a refund of any withholding or estimated tax paid.

To claim a refund in these cases:

- Complete Lines 11 through 16 and enter "0.00" as your tax on Lines 17 and 18.
- Complete Lines 19a through 36.

Filing Status	Filing Threshold
1. Single .....	<b>\$11,950</b>
2. Married, filing jointly .....	<b>\$23,900</b>
3. Married, filing separately .....	<b>\$11,950</b>
4. Married, filing combined return* .....	<b>\$23,900</b>

\* When filing a combined return, compare the threshold to the total of Columns A and B, Line 10.

**Deductions**

---

**Claiming Deductions When Filing a Combined Return:**

If you are filing a combined return (Filing Status 4), you can allocate deductions and dependents between spouses as you choose. As a general rule, you can lower your combined tax by assigning deductions and dependents to each spouse so that the taxable incomes in Columns A and B are as close to equal as possible. The deductions and dependents which can be allocated are on Lines 12, 13 and 14.

**Line 11 Itemized Deductions**

Enter the itemized deductions paid while a Virginia resident on Virginia Schedule A. Enclose Virginia Schedule A with your return.

You must claim the same type of deductions (standard or itemized) on the Virginia return as claimed on your federal return. If a joint federal return was filed and you are filing separate returns in Virginia (Filing Status 3), and claiming itemized deductions, itemized deductions that cannot be accounted for separately must be allocated proportionately between spouses based on each spouse's share of the federal adjusted gross income.

If you claimed itemized deductions, enter the amount from Line 19 of the Virginia Schedule A and enclose this schedule with your return. See the Virginia Schedule A instructions for more information.

**Virginia Itemized Deductions**

If you claimed itemized deductions on your federal income tax return, you must claim itemized deductions on your Virginia income tax return. Enclose a copy of your federal return, including Schedule A.

State and local income tax claimed as an itemized deduction on your federal return is not allowed as a Virginia deduction.

**Your allowable itemized deductions on Virginia Schedule A are expenses for which payment was made while you were a Virginia resident. When a deduction is subject to a limitation based upon a measure of income, compute the limitation based only upon your income attributable to your period of Virginia residence, not your income for the entire taxable year.**

**Line 12 Virginia Deductions**

**The copy of your federal income tax return enclosed with Form 760PY must include the Schedule A.** If you are not claiming itemized deductions, enter the amount from Line 5 of the Standard Deductions Worksheet.

If you did not claim itemized deductions on your federal income tax return, you must claim the standard deduction on your Virginia income tax return. Your allowable standard deduction on Form 760PY will be prorated based on the portion of your federal adjusted gross income that was received while a resident of Virginia.

**Standard Deductions Worksheet**

1	Enter the federal adjusted gross income (Total Part 1, Line 9, Columns A1 and B1 from Schedule of Income).		
2	Enter the income attributable to your period of Virginia residence (Total Part 1, Line 9, Columns A2 and B2 from Schedule of Income).		
3	Divide the amount on Line 2 by the amount on Line 1 and report as a percentage, not to exceed 100%. Example: 0.3163 becomes 31.6%.	.	
4	If using Filing Status 1, enter \$8,000. If using Filing Status 2 or 4, enter \$16,000. If using Filing Status 3, enter \$8,000.		
5	Multiply Line 3 by Line 4. Enter here and on Line 12, Form 760PY.		

When using Filing Status 4, the standard deduction may be allocated between each spouse as you mutually agree. As a general rule, you can lower your combined tax by assigning deductions (Lines 12 and 14) and dependents (Line 13) to each spouse so that the taxable incomes in Columns A and B are as close to equal as possible.

**Exception: Dependent's Limited Standard Deduction**

If you could be claimed as a dependent on the federal income tax return of another taxpayer, your allowable standard deduction may not exceed the amount of your earned income. This rule applies to dependents of all ages, including children under age 19 and full-time students under 24 years old who are eligible to be claimed as a dependent on their parent's return.

Remember to check the box on the front of Form 760PY if you can be claimed as a dependent on another's return. Your maximum standard deduction is the *lesser* of EARNED INCOME; or

1. \$8,000 if you are single (Filing Status 1)
2. \$16,000 if you are married and file a joint or combined return (Filing Status 2 or 4)
3. \$8,000 if you are filing a separate return from your spouse (Filing Status 3)

**EXAMPLE: (Standard Deduction Limited):**

A person (claimed as a dependent on another's return) moved to Virginia on June 25, 2023. Before moving to Virginia he had unearned income of \$5,000 in another state. While in Virginia he had interest income from a bank account (unearned income) of \$4,200 and income from a summer job of \$1,200 (earned income).

This person's limited standard deduction to be entered on Line 12 is \$622.80 which should be rounded to \$623.

Using the Standard Deductions Worksheet, the limited standard deduction is computed by multiplying the maximum limited standard deduction on Line 4, which is \$1,200 of earned income, by the percentage on Line 3, which would be 51.9%. Line 4 is \$1,200 because the \$1,200 of earned income is less than the \$8,000 standard deduction for a single taxpayer.

**NOTE:** The return of a taxpayer claiming a child (or other person) as a dependent is not affected if the child is required to claim a limited standard deduction.

**Line 13 Exemption Amount**

The total exemption amount is the prorated number of exemptions claimed, based on the portion of the year you resided in Virginia. Complete the Prorated Exemption Worksheet in Part 2 of the Virginia Schedule of Income to compute your allowable personal and dependent exemptions. Instructions for the Virginia Schedule of Income begin on Page 18.

**Line 14 Deductions**

Note: Additional information regarding deductions and other changes required as a result of the 2023 General Assembly Session are posted on the website at [www.tax.virginia.gov](http://www.tax.virginia.gov).

If your total family income does not exceed the federal poverty guidelines or you claimed the federal Earned Income Tax Credit, you may be eligible to claim this Credit for Low-Income Individuals or the Virginia Earned Income Credit.

**These credits may not be claimed if you, your spouse, or any dependent claims any of the following:**

- Virginia National Guard Subtraction

- Subtraction for first \$15,000 for state and federal employees whose annual salary is \$15,000 or less
- Exemption for blind taxpayers or taxpayers age 65 and over
- Age Deduction

If you are eligible, calculate these credits by completing Schedule 760PY ADJ, Lines 10-17. Enter the credit amount from Line 17 of Schedule 760PY ADJ on Line 23 of Form 760PY.

**Line 24 Credit for Tax Paid to Another State**

Generally, Virginia will allow taxpayers filing resident individual income tax returns to claim credit for income tax paid as a nonresident to another state on earned or business income derived from sources outside Virginia or any gain (if included in federal adjusted gross income) on the sale of a capital asset outside Virginia, provided the income is taxed by Virginia as well as the other state.

If you are eligible, calculate the credit by completing Schedule OSC. Enter on Line 24 the credit amount from Schedule OSC, Line 21. Instructions for Schedule OSC are on Page 35.

**Line 25 Credits from Schedule CR**

Complete **Schedule CR** and enclose it with your return to claim the following tax credits. For some credits, other Virginia forms are also required. To obtain Schedule CR, Schedule CR Instructions and these other credit forms, see Page 4.

If your income varied during the year, however, you may be entitled to a lower addition to tax than what the Department would automatically compute. In such cases, you should complete Form 760C to show when the income was received and what the addition to tax should be.

**Check the box and enclose Form 760C or Form 760F (for Farmers, Fishermen or Merchant Seamen) even if you computed no addition to tax/or if you are claiming one of the exceptions that voids the addition to tax.**

**Line 33 Sales and Use Tax (Consumer's Use Tax)**

If you purchased merchandise from retailers without paying sales tax you must pay the sales tax directly to the Department. When retail sellers do not collect sales tax, it becomes the purchaser's responsibility to pay the sales tax (i.e., consumer's use tax). Report any sales tax you owe on your return. If you do not owe sales tax, check the corresponding box on your form.

**Taxable Purchases**

In general, the Virginia sales and use tax applies to all purchases, leases, or rentals of tangible personal property. Regardless of the source of the purchase, if you were not charged sales tax and your purchases are shipped or brought into Virginia, you are required to pay the use tax. This includes purchases made through websites, shopping networks, mail order catalogs, and any out-of-state retailers. Taxable items include, but are not limited to, food, furniture, carpets, clothing, linens, appliances, computers, books, CDs, DVDs, artwork, antiques and jewelry. Separately stated shipping and delivery charges are not taxable, but "handling" and any combined "shipping and handling" charges are taxable. Nonprescription drugs and proprietary medicines purchased for the cure, mitigation, treatment, or prevention of disease in human beings are exempt from the tax.

**Tax Rates**

The general sales tax rate for Virginia is 5.3% (4.3% state tax and 1 % local tax).

### Line 35 Amount You Owe

If You Owe Tax on Line 27, add Line 27 and Line 34.

—OR—

If Line 28 is an OVERPAYMENT and Line 34 is LARGER THAN Line 28, deduct Line 28 from Line 34.

This is the amount you owe. The amount you owe must be paid in full at the time of filing your return.

### Payment Options

If your bank does not honor your payment, the Department may impose a penalty of \$35, as authorized by Va. Code § 2.2-614.1. This penalty will be assessed in addition to any other penalties, such as the penalty for late payment of tax.

The fastest and easiest way to make your payments is to file and pay online with VATAX Online Services for Individuals or with eForms. Payments are made electronically and you may schedule payments to be made on a future date. An electronic return payment can also be made through e-File.

You must submit your payment electronically if:

- any installment payment of estimated tax exceeded \$1,500;
- any payment made with regard to a return or an extension of time to file exceeded \$1,500; or
- the total estimated income tax due for any taxable year exceeded \$6,000.

If you are not required to submit payments electronically, you have the option to pay by check.

**Check:** If you file your return locally, make your check payable to the Treasurer or Director of Finance of the city or county in which you reside; otherwise, make your check payable to the Department of Taxation. See the listing of localities beginning on Page 49.

Make sure your Social Security Number is on your check and make a notation that it is your 2023 Virginia income tax payment. **Submit your check with the return.**

**Credit Card:** If you file your return locally, call your Commissioner of the Revenue for instructions on how to pay. Phone numbers are listed beginning on Page 49.

If you file electronically or mail your return directly to the Department of Taxation, visit [www.tax.virginia.gov/payments](http://www.tax.virginia.gov/payments) to pay on the Internet. *The company processing the transaction will assess an additional fee. Prior to payment, you will be informed of the fee and will have the option to cancel the transaction at that time with no charge.*

After you complete the transaction be sure to check the box on **Line 35** indicating that you have arranged for a credit or debit card payment.

**Online:** Make an online payment from your checking or savings account for balance due returns using Web Payments at [www.tax.virginia.gov](http://www.tax.virginia.gov).

### Line 36 Amount to Be Refunded to You

If Line 28 is larger than Line 34, deduct Line 34 from Line 28 and enter the amount to be refunded.

You no longer have the option of requesting a debit card. If you do not complete the Direct Deposit section, you authorize the Department to issue you a refund check.

### Refund Options

The Commonwealth of Virginia will no longer issue individual income tax refunds through debit cards.

**Get Your Refund Faster With Direct Deposit:** Have your refund deposited directly into your bank account.

Fill in the bank account information and indicate whether the account number is for a checking or savings account.

Due to electronic banking rules, the Department will not allow direct deposits to or through foreign financial institutions. Attempting to use direct deposit to transfer funds electronically to a financial institution outside the territorial jurisdiction of the United States will significantly delay your refund. Visit [www.tax.virginia.gov](http://www.tax.virginia.gov) for details.

**Bank Routing Number:** Enter your bank's 9-digit routing transit number printed on the bottom of your check. The first 2 digits of the routing number must be 01 through 12 or 21 through 32. Do not use a deposit slip to verify the number. It may contain internal routing numbers that are not part of the actual routing number.

**Bank Account Number:** Enter your bank account number up to 17 digits. Do not enter hyphens, spaces or special symbols. *Do not include the check number.*

If you prefer to have a refund check mailed to you, or if the destination of the funds is outside the territorial jurisdiction of the United States, do not complete the Direct Bank Deposit information.

### Authorization to Discuss with Preparer

- **I (we) authorize the Department of Taxation to discuss this return with my (our) preparer.** Check this box if you would like to give the Department authorization to discuss your return information with your tax preparer.

### Electronic Form 1099-G

At the bottom of the return above the signature area, a check box is provided for you to indicate that you agree to receive your statement of refund (Form 1099-G) electronically instead of receiving a copy by mail. Paper copies of these statements will be mailed to taxpayers who do not opt into the electronic delivery method. If you previously selected the electronic delivery method and decide to change, submit a written request to the Department using the contact information on Page 4 of this booklet. Form 1099-G/1099-INT is an informational statement issued by the Department in January of each year to report payments made or credited to taxpayers during the previous calendar year. The statement is also provided to those

who receive interest payments of \$10 or more during the year. These statements must be used in preparing federal returns by taxpayers who itemize deductions. Form 1099-G/1099-INT may be downloaded securely and printed from the website at [www.tax.virginia.gov](http://www.tax.virginia.gov).

### Preparer's PTIN, Vendor Code and Filing Election Code

For taxable years beginning on or after January 1, 2019, an income tax return preparer who has the primary responsibility for the overall substantive accuracy of the preparation of a return or claim for refund is required to include their Preparer Tax Identification Number (PTIN) on such return.

For returns completed by a paid preparer, the tax preparer should complete these fields. Use one of the codes below to complete the Filing Election Code field.

- Code 2** Taxpayer opted out of electronic filing.
- Code 3** Preparer prepares less than 50 returns annually.
- Code 4** Preparer capable of electronic filing, but return cannot be accepted electronically.
- Code 5** Preparer has a hardship waiver.
- Code 6** Preparer capable of electronic filing, but not yet approved as electronic return originator by IRS.

### ID Theft PIN

If we are notified that your personal information has been compromised, we may assign you a 7-character personal identification number or PIN to be used on your Virginia income tax return. We mail new PINs to eligible taxpayers each year in November or early December. You do not need to request a new one each year, we will send it automatically. Your PIN is only active for the calendar year for which it was assigned. Use your calendar year 2024 PIN on your 2023 individual tax return filed in 2024. If you also submit your 2022 return in 2024, you should use the same Virginia PIN on that return as well. Do not use an expired PIN or a PIN assigned by the IRS. While most taxpayers do not receive a Virginia PIN, if you are issued a Virginia PIN include all alphabetical and numerical characters on your return. If you received a Virginia PIN and cannot locate it, call **804.367.8031** for a replacement.

properly completed, the sum of Columns 2 and 3 will equal your federal adjusted gross income as shown in Column 1.

### Line 8 Net Conformity Modifications

Complete Schedule 760PY ADJ, Lines 2a and 6a, and enter the net amount on Line 8, Column 1 of the Schedule of Income. In Column 2, enter the portion attributable to your period of residence in Virginia. Enter the balance in Column 3.

**Note:** If you are claiming the standard deduction on your return, the total of Line 9, Columns A1 and B1, must be entered on Line 1 of the Standard Deduction Worksheet on Page 13.

### Part 2 Prorated Exemption Worksheet

The prorated exemptions worksheet is used to reduce your personal and dependent exemptions to an amount which is proportional to the number of days you resided in Virginia during the taxable year. For example, if you are single, claim no dependents and moved to Virginia on July 1, your prorated Virginia personal exemption is computed as follows:

#### Prorated Virginia Personal Exemption

\$930 (One personal exemption)

X .504 (Ratio Schedule factor for July 1 move to Virginia)  
\$468.72 (Be sure to round to \$469.00)

Each spouse must compute their own prorated personal exemptions based on the number of exemptions claimed in the Exemption Section. Use the separate exemption amounts for “you” and your “spouse” when completing Lines 1-11 of the Prorated Exemption Worksheet in Part 2 of the Schedule of Income. Enter in the appropriate column on Form 760PY, Line 13. If claiming Filing Status 2, the combined exemption amount for you and spouse should be entered on Form 760PY, Line 13, Column A.

#### Exception

If 100% of your federal adjusted gross income was earned while you were a Virginia resident, you do not have to prorate your personal exemptions. If you are married, each spouse’s personal exemption is prorated separately based on that spouse’s period of residence in Virginia. However, if 100% of either spouse’s income is from Virginia sources, that spouse’s personal exemption does not have to be prorated.

If you moved into and out of Virginia during the year (or vice versa), base the proration on the total number of days that you were a Virginia resident.

When using Filing Status 3, if the number of exemptions cannot be accounted for separately, they *must* be proportionately allocated between each spouse based upon each spouse’s income.

### Part 3 Moving Information

If you moved into Virginia during the year, enter your prior state or foreign country of residence. If you are filing a joint return, also enter the prior state or foreign country of residence for your spouse.

If you moved out of Virginia during the year, enter the state or foreign country to which you moved. If you are filing a joint return, also enter the state or foreign country to which your spouse moved.

### Conformity Update For 2023

Effective for taxable years beginning January 1, 2023, Virginia will conform to the Internal Revenue Code (IRC) on a rolling basis, including any federal extenders, subject to certain exceptions. This allows Virginia to conform to federal tax changes to the IRC as soon as they are enacted by Congress. This also allows Virginia to conform to the Inflation Reduction Act and the Consolidated Appropriations Act of 2023. Conformity refers to how closely Virginia follows definitions and other provisions of the federal tax code, including the definition of income. The 2023 General Assembly passed legislation that conforms Virginia’s tax law to the federal tax code on a rolling basis, with certain exceptions. The legislation also sets guidelines for future federal law changes and their impact on Virginia returns.

For additional information regarding Virginia’s conformity with the IRC and adjustments that may be required as a result of conformity legislation, visit [www.tax.virginia.gov](http://www.tax.virginia.gov).

Virginia will continue to deconform from the following: bonus depreciation allowed for certain assets under federal law; the five-year carryback of certain federal net operating loss (NOL) deductions generated in the 2008 or 2009 taxable years; the federal income treatment of applicable high yield discount obligations; and the federal income tax treatment of cancellation of debt income realized in connection with certain business debts. In addition, Virginia will continue to deconform from the following temporary changes made by the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act: suspension of certain NOL limitations for Taxable Years 2018, 2019, and 2020 and increasing the business interest limitation for Taxable Year 2019 and 2020. See Tax Bulletin 21-4 for more information.

This is a subtraction for federal gain or federal income recognized by a taxpayer on the application of a land preservation tax while a Virginia resident. To the extent a taxpayer's federal return includes gain or loss recognized on the sale or transfer of a Land Preservation Tax Credit, the taxpayer is required to subtract the gain or add back the loss on the Virginia return.

### **52 Certain Long-Term Capital Gains**

Provided the long-term capital gain or investment services partnership income is attributable to an investment in a "qualified business" as defined in *Va. Code* § 58.1-339.4 or any other technology business approved by the Secretary of Technology or the Secretary of Commerce and Trade, it may be allowed as a subtraction. The business must have its principal facility in Virginia and less than \$3 million in annual revenues for the fiscal year preceding the investment. Taxpayers claiming the Qualified Equity and Subordinated Debt Credit cannot claim this subtraction relating to investments in the same business. ### **53 Historic Rehabilitation**

To the extent included in federal adjusted gross income, any amount of gain or income recognized by a taxpayer in connection with the Historic Rehabilitation Tax Credit is allowed as a subtraction on the Virginia return.

### **54 First-Time Home Buyer Savings Accounts**

To the extent included in federal adjusted gross income, an individual may subtract any income attributable to a first-time home buyer savings account that was taxed as interest, capital gains, or other income for federal income tax purposes. Distributions from a first-time home buyer savings account may only be used for the purpose of paying or reimbursing the down payment and allowable closing costs for the purchase of a single-family residence in Virginia by a qualified beneficiary. The subtractions claimed by an account holder in all prior taxable years are subject to recapture in the taxable year in which account funds are withdrawn for any other purpose even if the withdrawal occurred after the expiration of Virginia's three-year statute of limitations. To claim the subtraction, an individual must designate an account as a first-time home buyer savings account. An individual may designate an account by submitting an enclosure with their Virginia income tax return for the first taxable year in which such individual

claims the subtraction. An individual must submit separate documentation for each account that he or she is designating. The documentation must include the following information:

- The name and address of the financial institution that maintains the account;
- The names of any other individuals with an ownership interest in the account;
- The account number or other account identifier;

If an account holder has designated more than one existing first-time home buyer savings account, the account holder is required to submit separate documentation with updated information for each account. More information is available in the First-Time Home Buyer Savings Account Guidelines, which are available in the Laws, Rules & Decisions section at [www.tax.virginia.gov](http://www.tax.virginia.gov).

#### **55 Discharge of Student Loan**

Effective for taxable years beginning on and after January 1, 2015, a subtraction is allowed for income attributable to the discharge of a student loan due to the student's death. For purposes of this subtraction, "student loan" means the same as the term is defined under IRC § 108(f). This is a loan to an individual to assist that individual in attending an educational organization that was made by:

- The United States, or an instrumentality or agency thereof;
- A state, territory, or possession of the United States, or the District of Columbia, or any political subdivision thereof;
- Certain tax-exempt public benefit corporations that have assumed control over a state, county, or municipal hospital and whose employees are deemed public employees under state law;

This subtraction is not applicable to the discharge of private loans. This subtraction does not apply to loans that are already excluded from federal income taxation.

#### **56 Venture Capital Investment**

For taxable years beginning on or after January 1, 2018 taxpayers may claim an individual income tax

subtraction for income attributable to an investment in a Virginia venture capital account made on or after January 1, 2018, but before December 31, 2023. For the purposes of this subtraction, income includes, but is not limited to, investment services partnership interest income, otherwise known as investment partnership carried interest income.

In order for the subtraction to be claimed on the investors' income tax returns, the fund in which they invest must be certified by the Department as a Virginia venture capital account for the year of the investment. If the fund is approved, a 9-digit certification number will be provided. Enter this number in the "Certification Number" space provided beside the subtraction code. You are eligible for the Virginia Earned Income Credit if you claimed an Earned Income Tax Credit on your federal return. Claim the credit that benefits you the most. After a worksheet below has been filled in for each person on your tax return, complete Schedule 760PY ADJ, Lines 10 - 17.

When a taxpayer using the married filing separately status computes the Virginia Earned Income Tax Credit, the taxpayer must first determine the proportion of the earned income that was used to qualify for the federal Earned Income Tax Credit. That proportion must then be multiplied by the total Virginia Earned Income Tax Credit, which is 20% of the federal Earned Income Tax Credit. The spouses may then claim their proportional share of the credit on their separate returns.

**Line 15 Multiply**

Multiply Line 14 by 20% (.20).

**Line 16**

Enter the greater of Line 13 or 15.

**Line 17 Credit**

These credits are nonrefundable credits. A nonrefundable credit cannot exceed your tax liability. ## Addition To Tax, Penalty and Interest

---

### Addition to Tax for Underpayment of Tax

Even if your return results in a refund, you may owe an “addition to tax” for underpaying your withholding or estimated tax. Virginia law requires that you pay your income tax in timely installments throughout the year by having income tax withheld or making payments of estimated tax. If you do not pay at least 90% of your tax in this manner, you may be charged an addition to tax.

There are 4 (quarterly) installment periods for determining whether you underpaid your tax for the year. If your taxable year is from January 1 through December 31, your quarterly payments are due May 1, June 15, September 15 and January 15 (of the following year). Underpayments are determined as of each installment due date, so an overpayment in one quarter cannot cancel out an underpayment for a previous quarter. The addition to tax does not apply if each payment is made on time and:

- the total tax paid through withholding and timely estimated tax payments is at least 90% (66 2/3% for farmers, fishermen or merchant seamen) of the current year’s tax liability (after nonrefundable credits) or 100% of last year’s tax liability (after nonrefundable credits);
- the sum of the quarterly underpayments for the year is \$150 or less; or
- you meet one of the exceptions computed on Form 760C or Form 760F.

### Line 18 Addition to Tax

Enter the amount of the addition to tax computed on Form 760C (for individuals, estates and trusts) or Form 760F (for farmers, fishermen or merchant seamen). If you underpaid your estimated income tax or had insufficient income tax withheld for the taxable year, you may owe the “addition to tax” computed on Form 760C or Form 760F.

### Line 19 Penalty

The due date for filing a calendar year return is May 1, and the automatic extension provisions apply to returns filed by November 1. Depending on when you file your return, you may be required to compute an extension penalty or a late filing penalty. For more information on due dates and penalty provisions, refer to When to File Your Return section in these instructions.

**Extension penalty:** If you file your return within 6 months after the due date and the amount of tax due with the return is more than 10% of your total tax liability, you must compute an extension penalty on the balance of tax due. The extension penalty is applied at the rate of 2% per month or part of a month, from the due date through the date of filing. The maximum extension penalty is 12% of the tax due. Note: If you do not pay the tax in full when you file your return, a late payment penalty will be assessed at the rate of 6% per month or part of a month from the date the return is filed through the date the tax is paid, up to a maximum of 30%. The late payment penalty is imposed in addition to the extension penalty.

**Late filing penalty:** If you file your return more than 6 months after the due date, no extension provisions apply, and you must compute a late filing penalty of 30% of the tax due with your return.

### Line 20 Interest

If you filed a tax due return after the filing date, you are liable for interest on the tax due amount on Form 760PY, Line 27, from the due date to the date filed or postmarked. To obtain the daily interest factor, please call **804.367.8031** or contact your locality.

Enter the amount on Schedule 760PY ADJ, Line 20.

**Virginia529** is a savings plan that offers flexible, affordable, and tax-advantaged savings for qualified expenses through its programs: Prepaid529, Invest529, CollegeAmerica and CollegeWealth. For more information on establishing accounts, visit Virginia529.com. You are not required to be the owner of record for an account in order to direct a contribution of all or part of your income tax refund. However, please remember that only the Virginia529 account owner of record as of December 31st is eligible to take the Virginia state tax deduction associated with Virginia529 accounts. Please note that the CollegeWealth and Prepaid529 programs are no longer accepting new accounts, but existing account owners may continue to contribute to their current CollegeWealth accounts and Prepaid529 contracts.

**Virginia ABLE** is a tax-advantaged way to save, invest and pay for qualified disability expenses of eligible individuals with certain disabilities. Generally, funds in a Virginia ABLE account are disregarded when determining eligibility for certain Federal means-tested benefits programs, such as Medicaid and Supplemental Security Income (SSI), and for Commonwealth of Virginia means-tested benefits programs as well. For information on the ABLEnow or ABLEAmerica program, visit ablenow.com. You are not required to be the owner of record for a Virginia ABLE account in order to direct a contribution of all or part of your income tax refund and the contributor is eligible to take the Virginia state tax deduction associated with Virginia ABLE accounts.

When you specify a Virginia529 or Virginia ABLE contribution amount on Schedule VAC, you authorize the Department to transfer payment and related information to Virginia529 or Virginia ABLE to facilitate crediting contributions to the specified account(s) pursuant to their operating procedures. The information that will be exchanged is identified below:

- The contribution amounts and the program information contained on Schedule VAC.
- The taxpayer’s name, Social Security Number or tax identification number, address, and telephone number. Note: Information for both spouses will be provided if a joint return is filed.

For purposes of determining interest on an overpayment or refund, no interest will accrue after the Department transfers the payment to Virginia529 or Virginia ABLE. If Virginia529 or

Virginia ABLE is unable to match a contribution to an existing account, they will contact the taxpayer and attempt to resolve the contribution and, if all efforts fail, Virginia529 or Virginia ABLE will return the refund contribution to the taxpayer at the address on the return.

## Qualifying Age Deduction

---

**To compute your income based age deduction, use the Age 65 and Older Income based Age Deduction Worksheet on Page 34.**

---

**Are you eligible to claim an age deduction?**

For 2023, taxpayers born on or before January 1, 1959, may qualify to claim an age deduction based on birth date, filing status and income. A taxpayer who qualifies to claim an age deduction may **NOT** also claim a disability income subtraction, Credit for Low-Income Individuals, or Virginia earned income credit.

For married taxpayers, each eligible spouse may take either an age deduction or a disability income subtraction. Neither spouse may claim an age deduction if 1 spouse claimed a Credit for Low-Income Individuals or Virginia earned income credit, even if filing separate returns. Claim the deduction or subtraction that gives you the greatest tax benefit.

If you or your spouse are not claiming a disability subtraction and you, or your spouse, are not claiming a Credit for Low-Income Individuals and your birth date is on or before January 1, 1959, please read the instructions below to determine if you qualify for an age deduction and the amount of the age deduction you may claim for 2023.

**Taxpayers Age 65 and Older**

If you, or your spouse if you are married, were **born on or before January 1, 1959**, you may qualify to claim an age deduction of up to \$12,000 each for 2023.

The age deduction you may claim will depend upon your birth date, filing status and income.

If your birth date is:

- **On or before January 1, 1939**

Your age deduction is not income based. You may claim an age deduction of \$12,000. If you are married, each spouse born on or before January 1, 1939, may claim a \$12,000 age deduction. For a spouse born after January 1, 1939, the age deduction for that spouse is based on the criteria below.

Multiply the age deduction by the ratio amount from the Ratio Schedule on Page 38 when computing the deduction amount. Enter the adjusted amount on Form 760PY, Line 4.

- **On or between January 2, 1939, and January 1, 1959**

Your age deduction is based on your income. A taxpayer's income, for purposes of determining an **income based age deduction**, is the taxpayer's *adjusted federal adjusted gross income or AFAGI*.

A taxpayer's AFAGI is the taxpayer's federal adjusted gross income, modified for any conformity adjustments, minus Social Security and Tier 1 Railroad Benefits.

- For Filing Status 1, single taxpayer, the maximum allowable age deduction of \$12,000 is reduced \$1 for every \$1 the taxpayer's AFAGI exceeds \$50,000.
- For all married taxpayers, whether filing jointly or separately, the maximum allowable age deduction of \$12,000 each is reduced \$1 for every \$1 the married taxpayers' joint AFAGI exceeds \$75,000.

To compute your income based age deduction, use the Age 65 and Older Income Based Deduction Worksheet on Page 34.

### Notice to ALL Married Taxpayers

A married taxpayer's **income based age deduction** is **always** determined using the married taxpayers' **joint AFAGI**. Regardless of whether you are filing jointly or separately, if you are married, your income based age deduction is determined on the combined income of both spouses.

In addition, if both spouses are claiming an **income based age deduction**, regardless of whether filing jointly or separately, the married taxpayers must compute a joint age deduction first and then allocate half the joint age deduction to each spouse.

## Credit For Taxes Paid To Another State

As a Virginia part-year resident, report and pay income tax only on income you received, regardless of the source of the income, during the period you were a Virginia resident. Income you received while not a Virginia resident is subtracted from your adjusted gross income on Line 7 of Form 760PY. You cannot claim a credit for taxes paid on any income that is subtracted on Form 760PY.

Virginia allows a part-year resident to claim a credit for income tax paid to another state only if the income was also subject to Virginia tax.

This credit applies only to income taxes paid to other states. For more information, see Va. Code § 58.1-332 or visit [www.tax.virginia.gov](http://www.tax.virginia.gov).

### Exceptions

**Arizona, California, or Oregon:** If you have income from one of these states, do not claim the credit for tax paid on

such income on your Virginia income tax return. If you have income from Arizona, California, or Oregon, claim the credit on the nonresident income tax return of that other state.

However, if you are an owner of a pass-through entity with income from Arizona, California, or Oregon and you participate in the filing of a composite return with any of those states, please consult Public Documents 16-91 and 07-207.

**District of Columbia:** If you have income from the District of Columbia, do not claim the credit for tax paid on the income on your Virginia income tax return. If you paid individual income tax to the District, follow their instructions to obtain a refund of your withholding.

**Kentucky, Maryland, Pennsylvania, or West Virginia:** If you are a Virginia resident with wages, salaries and certain other compensation income earned as a nonresident in one of these four states, you are not eligible to claim the credit for any income not taxable by the other state.

Before claiming this credit, review the other state's nonresident instructions to determine if your wages, salaries and certain other compensation income are exempt from taxation in that state. If your wages, salaries and certain other compensation income are exempt, follow the other state's instructions to obtain a refund of your withholding.

A credit can be claimed on your Virginia return only for income taxes paid to any of the four states listed above on income that was not exempt income.

### Special Circumstances

**Border State Computation** - Kentucky, Maryland, North Carolina, or West Virginia

If you are required to file a return with Virginia and only one other state and that state is listed above, you may qualify for a special computation if:

- The income from that state consists solely of wages, salaries, or business income from federal Schedule C that is taxed by the state; **and**
- Your Virginia Taxable Income is at least equal to the Qualifying Taxable Income on the border state's return; then
- Mark the border state oval and enter "100.0" in the Income Percentage field.

When calculating income from the border state, do not include income exempt from income tax in the border state, even if it is earned or business income from federal Schedule C. Refer to the **Exceptions** section above.

If filing a joint return and each spouse filed a return separately in **only one** other state and that state is listed above, then each spouse may use the border state computation to compute the credit.

### Married Taxpayers

Unless a joint return is filed in both Virginia and the other state, you may need to adjust your taxable income to compute the credit correctly.

- If you filed separately in the other state, but jointly in Virginia, enter only the Virginia taxable income attributable to the filer whose income was taxed by the other state.
- If you filed jointly in the other state, but separately in Virginia, enter only the taxable income attributable to that filer from the other state's return.

## Age 65 And Older Income Based Deduction Worksheet

### Elective Pass-Through Entity Tax

Legislation enacted by the 2022 Virginia General Assembly established a new Virginia elective pass-through entity (PTE) tax. Beginning with Taxable Year 2021, the new law also allows taxpayers to claim a credit in proportion to their ownership interest in the PTE for certain taxes paid by the PTE. The tax must have been paid by a PTE under the law of another state that is substantially similar to Virginia's elective PTE tax law. For additional PTE legislation enacted by the 2023 General Assembly, See Tax Bulletin 23-3.

### Required Documentation

- A separate computation and related documentation must be submitted for each state for which a credit is claimed using Schedule OSC.
- Enclose a copy of the other state's return if the taxpayer filed an individual return in the other state
- If you are an owner or shareholder in a pass-through entity, and you elected to be included in a nonresident Composite return filed by the pass-through entity in another state, enclose a Composite Filing Statement from the pass-through entity that documents your inclusion in the filings and your share of the income, tax liability, and tax paid.
- If claiming a credit on corporation income tax paid to a state that does not recognize the federal S Corporation election, enclose a statement from the S Corporation that documents your share of the income, tax liability, and tax paid.
- If you are an owner in a pass-through entity that paid an eligible PTE tax to another state, enclose a statement from the PTE that documents your share of the income, tax liability, and tax paid.

W-2s, 1099s, and Schedule K-1s are not acceptable documentation to support the credit. Visit our website for a list of required forms and a sample Composite Filing Statement.
